PROFESSIONAL SUMMARY

Ambitious and detail-oriented Full-Stack Web Developer with hands-on experience building responsive web applications, e-commerce platforms and database-driven business systems. Skilled in React.js, Vue.js, Node.js, PHP, MySQL, MongoDB, Supabase, Firebase and Oracle APEX. Known for clean, maintainable code, strong problem-solving, teamwork and a resilient work ethic built through a successful transition from labour work into tech.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React.js, Vue.js, Bootstrap, responsive web design

Backend: Node.js, PHP, Python, C#, Microsoft ASP.NET

Databases: MySQL, MongoDB, Supabase, Firebase, Oracle APEX

Security & Deployment: Basic web security principles, authentication/authorization, secure deployment, Netlify, Vercel, Render, GitHub Pages, FileZilla, InfinityFree, Xneelo, Hostafrika, GoDaddy

PROFESSIONAL EXPERIENCE

Lead Full-Stack Developer & Technical Delivery Manager | NexWebSA (PTY) LTD | Cape Town | February 2026 - Present

- Lead the end-to-end development and delivery of custom web applications, business platforms, booking systems, and administrative dashboards using modern full-stack technologies. Collaborate with developers and project stakeholders to review requirements, troubleshoot issues and deliver clean, maintainable code.
- Manage project planning, technical execution, and client requirements while collaborating with cross-functional teams to deliver solutions aligned with business objectives.
- Design, develop, and maintain scalable front-end and back-end systems, ensuring high standards of quality, security, performance, and reliability.

Junior Software Developer Intern | Life Choices Studio | Lansdowne | September 2025 - Present

- Develop and maintain web application features in a practical studio environment, applying full-stack concepts to real-world tasks.
- Collaborate with developers and project stakeholders to review requirements, troubleshoot issues and deliver clean, maintainable code.

Labourer | Smith Ceilings | Cape Town | January 2022 - December 2022

- Supported ceiling and drywall installations while following quality and safety standards, meeting deadlines on active worksites.
- Managed tools and materials to keep projects organized, demonstrating reliability, discipline, teamwork and a strong work ethic.

PROJECT EXPERIENCE

Fashion Hub E-Commerce Store | Life Choices Academy | August 2025 - September 2025

Technologies: Vue.js, Node.js, MySQL

- Designed and developed a responsive fashion e-commerce website to showcase products and support online sales.
- Implemented user authentication and payment integration to support a smoother and more secure shopping experience.

Modern Tech Solutions HR System | Life Choices Academy | July 2025 - August 2025

Technologies: PHP, MySQL

- Built a Human Resource Management System to streamline employee data management, leave processing and reporting.
- Automated leave approvals and employee record updates, reducing manual processing and improving administrative efficiency.
